Objective

Aspiring AI and Data Science Engineer with hands-on experience in Machine Learning, NLP, and Cloud Platforms. Skilled in Python with expertise in data analysis, statistical modeling, and accessibility solutions. Leveraging technical and analytical skills to drive data-driven decisions and AI innovation

Education

RNS Institute of Technology, Bengaluru: 2022 - Present
Bachelor of Engineering - Artificial Intelligence and Data Science; CGPA: 7.75

Sri Venkatramana PU College, Kundapura: 2020 - 2022
Karnataka State Board (PCMC); Percentage: 80.16

Sandeepan English Medium School, Khambadakone: 2020
Karnataka State Board; Percentage: 93.92

Technical Skills

- Languages: Python, SQL, C, R.
- Data structures and algorithms
- Data Science: Data Analytics Tools, Machine Learning
- Tools: Jupyter notebook, Visual studio code.
- Platforms: GCP, Git, Github.

Projects

Voice Automated PDF Assistant for Visually Impaired People: (Currently working on)
Building a Voice Automated PDF Assistant to improve accessibility for visually impaired users by enabling hands-free PDF reading, search, and summarization using Speech Recognition, PyPDF2, gTTS, and NLP models (NLTK, SpaCy).

The Left-Handed Lifespan Myth: Validating with Bayesian Analysis:
This project uses Bayesian statistics, Python, Pandas, and NumPy for Data analysis, with visualizations in Matplotlib and Seaborn, all within Jupyter Notebook.

Shoe Store Management System:
This was the project built using MySQL for database management, Django for the backend, and HTML, CSS, Java for the frontend. It is used for streamlining inventory, sales, and customer data management.

Certifications

- Google Cloud Computing Foundations Certificate - Google Cloud, Completed Sep 2025
- Data Science for Engineers - NPTEL(IIT Madras), Completed March 2025
- Introduction to DevOps - by Great Learning

Core Strengths

- Discipline, Teamwork, Time Management
